

No Borders High School Scholarship Program

No Borders is a not for profit grassroots organization based in St. John's, but with activities on both the local and international level. The group is composed primarily of students working to help other students and one of the mandates of the organization is to assist students with financial need and untapped potential to obtain a higher education and ultimately a brighter future. One of the avenues that the organization utilizes to support students is to provide scholarships and educational opportunities for students demonstrating strong prowess in the fields of academics, leadership, physical fitness and volunteerism. This scholarship program, created for the graduates of Newfoundland and Labrador high schools has a value of \$500 per year* and seeks to award a student with the above qualities such that they may pursue a post-secondary education with less of a financial burden and will themselves be inspired to partake in a life of service to others. In addition to being awarded the No Borders High School Scholarship, the chosen scholar will also have the opportunity to work within the No Borders organization with like-minded young people. This opportunity will provide an avenue for the scholar to expand their perspectives and realize their aspirations, through the support of other members in the group, as well as past scholars. Good luck to all of our applicants!
